ASSESSMENT

ASSESSMENT	
Assessment	<ul style="list-style-type: none"> • 50% of ALES score, 30% of written exam grade, 10% of undergraduate GPA, and 10% of interview score are taken into consideration. • In order to evaluate the candidate's grades, the written exam score must be at least 50. • In order for the candidate to be considered successful, the achievement score must be at least 60. • A candidate who has not taken either the oral or the written exams is considered unsuccessful. • If the scores are equal, the candidates with a high score from ALES or equivalent international exams are considered successful. • If the candidates in the primarily announced list are not registered, the other candidates who have achieved the required success score but have not registered due to the quota can be registered between the dates specified in the form until the quota is filled. • Undergraduate GPA is evaluated over 100. In transcripts that does not conform to this, an assessment will be made according to the conversion table of the Institute of Higher Education.

IMPORTANT NOTES

- Documents received during the application will not be returned later. Documents brought without approval can be approved by our Institute if they are brought with their originals.

- The applicant is responsible for the mistakes made during the application. All the transactions will be cancelled as result of a mistake due to whatever reason (due to the candidate's mistake, lack of information etc.). For this reason, application / admission requirements and requested information / documents should be examined carefully and thoroughly before applying.

- Documents required for application should be submitted to the student affairs of our Institute personally or by post within the date specified in the announcement.

- Those who deliberately or unknowingly make false statements regarding the requested documents and those who modify the documents will not be registered even if they are successful in the exams. In case of unrealistic information and documents, the registration of the students will be cancelled.

- Read the entire advertisement carefully. Information related to the admission requirements, application and registration dates, documents required for application and admission are included in the announcement.
 - The application should be made after the application form is filled in and signed.
